Some time was spent in needle work. Mrs. Sumlin, of Sylvan street, was the only guest for the afternoon, and her talk along the lines of needle work was of much interest. The meeting was then turned over to the hostess, who served ice cream and cake. Those to enjoy this occasion were Mesdames Thos. Holman, Thos. Morgan, Henry Ransom, Louis Guild, Louise Mason, Cornelius Lane, Jennie Ridley, Cynthia Boyd, Miss Ruth Banks, Miss Donnie Smith and Mrs. Sumlin and Mrs. Dan Epperson. Y. M. L. C.

A meeting was held in the club room and one of the best business meetings was conducted by the members who were present. The members possessed that oratorical ability for such eloquence was never before shown by those present. Prof. Kinzer spoke of the "Obedience and Love of the Club," and he also said that "The bone and sinew is the record of past years. The Program Committee has completed the outlines for this quarter, together with some interesting amusement features added. The next regular meeting is program night, and all are expected to be present and on time. Listen and you will hear the call. Current events have played a prominent part in the midst of the club's literature and poetry has made many happy and chase away desolation. The chairman of executive committee wishes all his members to be present on Monday evening at 6 o'clock.

Noche Miercoles.

One of the most pleasant events of last week was the meeting of the Noche Miercoles Club with Mr. and Mrs. Charles Henri Thorn at their home on Tremont avenue. The home was brilliantly lighted and the veranda and reception rooms were attractive with cut flowers and potted plants. On the arrival of the guests, "Cherry Punch" was dispensed by Miss Alice Webster. Tables were arranged and the evening was most delightfully spent in "Whist" and "Pit." At 10 o'clock a quaint collation of two courses was enjoyed. The color scheme for the evening being pink and white was effectively enhanced in the ice course. Those who enjoyed Mr. and Mrs. Thorn's hospitality were Mr. and Mrs. D. H. Boxley, Mr. and Mrs. Burt Moore, Mrs. Will Thompson, Miss Nellie E. King, Dr. W. Crutcher, Mr. and Mrs. G. P. Baker, Mr. and Mrs. Robert C. Eason, Mr. and Mrs. Louis Guild, Mr. and Mrs. Arthur Owen and Miss Alice Webster. The next meeting of the club will be with Mr. and Mrs. Will Young, of Twelfth avenue, North.

Kirby-Griffey.

Mr. Wm. G. Kirby, of Nashville, and Mrs. Aylin D. Griffey, of Hopkinsville, Ky., were quietly married at the home of the bride Monday afternoon, after which they boarded the train for Nashville, where they will reside for the present.

Entertainment.

Mrs. M. E. Dew entertained very delightfully last Wednesday evening at her home on Third street in honor of Miss Bessie Patton, of Memphis, Miss Mirell, of South Carolina, and Miss C. B. Merrill, who has just re-

turned home from Birmingham, Ala. Mrs. Dew was assisted in receiving by Mrs. R. L. Johnson and Mrs. F. E. Blair. The reception rooms were decorated with garden flowers and ferns. Games and music were enjoyed. At a late hour a two-course menu was served.

### A Dance Complimentary to Miss Hyde.

A few of the exclusive young men of the city complimented Miss M. Willette Hyde, of St. Louis, Mo., to a dance given at the Young's Hotel Wednesday evening. Miss Hyde had that supreme distinction which eclipses beauty, that subtle, indescribable grace and dignity which are never seen apart from some great lineage with long traditions of culture and courtesy. Her toilette was of white brocade satin decollete with a train. Her hair was coiled high on top of the shapely head, and a few tendrils strayed about her neck and brow. In fact, the whole party was beautifully dressed in their evening attire, and the ladies vied with each other to see which would carry off the honors of the evening. A great number of dances were danced and among them was the "Hesitation Waltz," which was danced by Miss Hyde and Mr. Cashin with grace and dignity. While in the city she was the guest of Mr. and Mrs. J. H. Adams on Green street. She was highly entertained by her friends which made her short stay quite pleasant. Mrs. E. J. Sango was patroness of the occasion. Cards were also a feature of the evening. Cream, assorted cakes and Ha Ha punch were served. Those who enjoyed the evening at Young's Hotel were Misses Hyde, Anita Scott, Lilian Allen, Estelle Porter, J. Dewitt Shorter, Eva Green, T. Claybrooks, Lucy B. Shaw, Washington, D. C., Lady Emma Phillips, Mesdames Sophia Jackson Smith, J. H. Adams, E. J. Sango, Robert Dacus, W. C. Allen, J. S. Moore, Dr. Andrew Johnson, C. T. Hume, A. Coppedge, F. Smith, Jr., J. T. Phillips, M. D., Moses Richardson, L. E. Johnson, Crawford Harwell, J. Logan Cashin, Walter Gary, H. W. Ferguson, W. D. Boger, Dr. H. H. Walker, E. A. Phillips, Ph. D. Miss Shaw is quite a charming young lady and is the guest of Miss Lady Emma Phillips.

Dean, of Shelbyville, Tenn.

### BEE-KEEPING IN TENNESSEE.

By G. M. Bentley, State Entomologist.

This is the latest Bulletin issued by the State Board of Entomology. It consists of 64 pages with many illustrations and is devoted especially to the bee-keeping interests of Tennessee. Much of the data in this Bulletin has been obtained through a careful study of the beekeeping industry in Tennessee, by the author, covering a period of eight years. The subjects discussed are those of great importance to the practical beekeeper. Valuable suggestions are also given to the prospective keeper of bees. "It is a fact that beekeeping in Tennessee can be conducted profitably when managed carefully by putting into practice what has been found out by experts, in the management and use of modern appliances. Beekeeping should be encouraged, as it may well form a vocation for the young as well as for the old, for those living in the city as well as those living in the country, for the hale and hearty as well as those suffering from impaired health. Emphasis, however, should be placed upon beginning in a small way and developing as one's interest and love for bees enlarges." "The varied flora, the abundant rainfall, the number of growing days and the mild winters are all important factors pointing toward success to him who will keep strong bees of the right kind in a modern way."

At the present time Tennessee ranks fifth of the honey-producing states in the Union; there are 144,487 colonies of bees in the State and the business annually aggregates a million and a half dollars. As a pollinizer of fruit and farm crops the value of the honey bee, even, far surpasses this figure.

Copies of "Beekeeping in Tennessee" may be had upon request by addressing the State Board of Entomology, Knoxville, Tennessee.
